

Pipe Joint Engineering A/S

# PRODUCT SHEET

## Product name:

PJE – LEDE grooved pipe fittings.

Bend, Tee, reducers, mech. Tee, flanges and more.

## Application:

A complete program in grooved pipe fittings used in connection with grooved couplings for the assembly of grooved steel pipes. The pipe fittings may be used for many applications, including fire sprinkler, cooling pipelines and heating pipelines. The pipe fittings give you a fast assembly, since all fittings are prepared to connect with couplings, resulting in NO welding.

## Approvals:

FM Approved class 1920

UL Approved

## Material

Body: Cast Iron. ASTM A536 og ISO 1083

Bolts: Hot dip galvanised or, elektro galvanised iht. ASTM A183/ISO 898

Pakning: EPDM Rubber.

## Korrosion protection

Paintet RAL3000 or hot dip galvanised 80 – 120 my.

## Specifications

- 40 / +110 grader C

2,5 MPA / 300 PSI / 21 bar.
